TITLE III.- COMPANY ADMINISTRATION.

Article 11.- COMPANY ADMINISTRATION.

The governance and administration of the Company corresponds to the General Meeting of Shareholders and the Board of Directors, in accordance with the provisions of these Bylaws.

SECTION ONE.- GENERAL MEETING OF SHAREHOLDERS.

Article 12.- GENERAL MEETING OF SHAREHOLDERS.

As the expression of the shareholders' will, a duly called and constituted General Meeting of Shareholders shall decide by the majorities required by the law in each case all matters under its competence and all of its resolutions when passed in accordance with these Bylaws and all legal requisites shall be binding for all shareholders, even for those who were absent or voted against them.

Article 13.- TYPES OF GENERAL MEETINGS OF SHAREHOLDERS.

TECNICAS REUNIDAS

General Meetings of Shareholders may be ordinary or extraordinary. An ordinary meeting is the type that must be called within the first six months of each year to approve, as appropriate, the company management and prior year accounts and decide upon the application of the results.

All other General Meetings of Shareholders shall be considered extraordinary and will be held when called by the governing body whenever in the company's interests and also when (i) requested by a number of shareholders representing at least three per cent (3%) of the share capital and the request includes the matters to be discussed at the General Meeting, proceeding in the manner established by the Spanish Corporate Enterprises Act; or (ii) a takeover bid is lodged on securities issued by the Company, in order to inform the General Meeting of the takeover bid and decide on the matters to be submitted for consideration.

Nonetheless, even if called as ordinary, a General Meeting may also deliberate and decide on any matter of its competence that has been included in the call and in compliance with Article 194 of the Spanish Corporate Enterprises Act, as appropriate.

Article 14.- NOTICE OF MEETINGS.

The notice, both for ordinary as well as extraordinary General Meetings, shall be made by an announcement published in the Official Trade Register Gazette or one of the most widely circulated daily newspapers in Spain and on the Company's website (www.tecnicasreunidas.es) as well as on the Spanish National Securities Market Commission website the minimum number of days in advance of the date set for the meeting as determined by the law. At its sole discretion, the Board of Directors may publish such a notice through other means, if deemed appropriate, for the purposes of greater dissemination or publication.

The announcement shall include the name of the Company, the date and time of the meeting, the place where it is to be held, whether it is ordinary or extraordinary, the agenda, including all the matters to be discussed in a clear and concise manner and the office of the person or people issuing the call, as well as the date on which shareholders must have registered shares in their name in order to participate and vote at the General Meeting, the place and the way to acquire the full text of the documents and proposed resolutions and the address of the Company's website where the information shall be made available. Additionally, the announcement shall include clear and precise information of the actions that shareholders shall take in order to participate and issue their vote at the General Meeting, with the detail required by applicable law. The announcement may also, if appropriate, set forth the date on which the General Meeting shall proceed upon second call. At least 24 hours must pass between the first and the second call. If a duly called General Meeting is not held upon first call and no date is indicated in the notice for proceeding upon second call, the latter must be announced, subject to the same announcement requirements as the notice of the first meeting, within fifteen days after the date of the meeting not held and at least ten days prior to the date of the planned meeting.

In the event that new matters are included on the Agenda of an Ordinary General Meeting of Shareholders and they are proposed in accordance with the Law by shareholders who represent at least three percent (3%) of the share capital, an addendum to the announcement must be published to include the new matters on the Agenda provided the new items are accompanied by justification or, if appropriate, a justified proposed resolution. This addendum shall be published a minimum of fifteen days in advance of the date established for the Ordinary General Meeting. A lack of publication is cause for challenging a General Meeting. This right of the shareholders who represent at least three percent (3%) of the share capital to request the inclusion of new matters on the Agenda must be exercised by means of reliable notification that must be received at the registered address within five days following the publication of the most recent announcement of the call for the meeting. This right may not be exercised for extraordinary meetings under any circumstance.

Shareholders who represent at least three percent (3%) of the share capital are entitled to submit grounded draft resolutions on matters already included or which must be included on the agenda of the meeting called.

General Meetings shall be held in the municipality where the Company has its registered address. Nevertheless, the Board of Directors may resolve that the General Meeting be held in any other place within Spanish territory when it deems appropriate to facilitate the holding thereof and when such circumstance is indicated in the announcement. If the location of the General Meeting does not appear in the announcement, it will be understood that the General Meeting will be held at the Company's registered address.

Article 15.- QUORUM.

In order for ordinary and extraordinary General Meetings to be legally held, the quorum required by the Spanish Corporate Enterprises Act shall apply.

Article 16.- COMPOSITION OF THE GENERAL MEETINGS.

All shareholders holding 50 or more shares, the ownership of which is registered in the corresponding register at least five days before the day on which the General Meeting is to be held and thus is proven as per the terms of the General Meeting of Shareholders Procedural Rules and the notice of a meeting may attend the General Meeting in person or through representation by another person, even if such person is not a shareholder. Representation shall be governed by the provisions of the Spanish Corporate Enterprises Act.

Shareholders with less than 50 shares may form groups for the purpose of attending the General Meeting, conferring representation upon one of them.

Shareholders who are natural persons yet are not able to fully exercise their civil rights and legal entity shareholders may be represented by duly accredited legal

TECNICAS REUNIDAS

representatives. Both in these cases as well as when a shareholder delegates their right to attend, having more than one representative at the General Meeting is not permitted.

Representation conferred on a person who is not eligible as per the Law will not be valid or effective. Representation can always be revoked. In order to be subject to objection, the revocation must be communicated to the Company under the same terms set forth for notice of the representative's appointment. Personal attendance of the represented shareholder at a General Meeting either physically or electronically or through remote voting prior to the Meeting automatically revokes any delegation, irrespective of the date thereof. Representation powers also will not be valid if the Company gains knowledge of the disposal of the shares.

When representation is conferred remotely, it will only be considered valid if done:

- a) by means of hand-delivery or postal mail, delivering the attendance card and authorization duly signed to the Company or by another written means approved by the Board of Directors in a resolution adopted for such purpose through which the identity of the shareholder granting representation powers and of the designated delegate may be duly verified, or
- b) by means of electronic correspondence or communication with the Company, including the electronic signature or other form of identification of the shareholder represented, under the terms established by the Board of Directors in a resolution adopted for such purpose in order to equip this system of representation with adequate guarantees of authenticity and identification of the represented shareholder.

In order to be valid, the power of representation conferred by any of the aforementioned means of remote communication must be received by the Company before midnight of the third day before the day established for the General Meeting in the first call. In the resolution calling for the General Meeting in question, the Board of Directors may reduce this advance notice required by publishing it in the same manner as the notice of a meeting. Likewise, the Board of Directors may implement the foregoing stipulations referring to the powers of representation granted using remote means of communication.

The power of representation may cover any matters that may be discussed at the General Meeting as permitted by Law even if not on the Agenda in the notice.

If the Directors or any other person on behalf of or in the interest of any of them has filed proxy solicitation, the proxy Director may not exercise the voting rights corresponding to the represented shares on any items on the agenda where there is a conflict of interest unless precise voting instructions were received from the party represented for each one of the such items in accordance with applicable regulations. In any case, and without prejudice to any other presumptions established by law, a Director shall be considered as subject of a conflict of interest in relation to the following decisions:

- Their appointment, re-election or ratification as director.
- Their removal, dismissal or termination as director.
- Any corporate liability action against the director in question.
- The approval or ratification, as applicable, of Company transactions with the director in question, companies they control or represent or parties acting on their behalf.

In such case, the proxy may also cover any items which, although not included on the agenda in the notice of call, are likely to be discussed at the meeting by matter of law. The provisions of the paragraph above shall also apply to these cases.

The Chair, the Secretary of the General Meeting or the persons designated by them will be understood as having the power to determine the validity of the proxy conferred and compliance with the requirements of attendance at the General Meeting.

Article 17.- PROCEEDINGS AT GENERAL MEETINGS.

The Chair of the Board of Directors, or in their absence, the First or Second Vice-Chair in successive order, will preside over all General Meetings. The Company Secretary, or in their absence, the Vice-Secretary, if there is one, will be the Secretary of the General Meeting. In the absence of both of them, the Chair will appoint another shareholder or representative to act in their place.

The members of the Board of Directors must attend all General Meetings; however, the fact that one of them is unable to attend for some reason will not invalidate the constitution of the General Meeting.

The Chair of the General Meeting may authorize the attendance of any person they deem appropriate. Nonetheless, the General Meeting may revoke any such authorization. The Chair will direct the deliberations and will grant the floor to any shareholder who thus requests. Priority to speak will be given to shareholders who have thus requested in writing. Immediately afterwards, anyone requesting the floor will be authorized to speak.

Each of the matters included on the Agenda shall be discussed and voted upon separately and, in order to be valid, all resolutions must be passed by a simple majority of the shareholders present or represented (understood as passed when there are more yeas than nays) unless a different majority is required by law for some type of specific resolution.

Votes may be broken up so that the intermediary entities listed as legitimate shareholders in virtue of the share register yet act on behalf of various ultimate beneficiaries may cast their votes as instructed to do so.

For each resolution submitted to a vote, the General Meeting must determine, at least, the number of shares with respect to which valid votes have been cast, the

TECNICAS REUNIDAS

proportion of the share capital represented by such votes, the total number of valid votes, the number of votes for and against each resolution and, as applicable, the number of abstentions. The resolutions passed and the result of the voting shall be published in full on the company website within five days following the end of the General Meeting.

A shareholder shall not exercise the voting rights corresponding to their shares when the resolution to be passed releases said shareholder from an obligation or grants said shareholder some kind of right providing any type of financial assistance including the provision of guarantees in their favor, exempts such shareholder from obligations deriving from the duty of loyalty or in the cases provided for by law with respect to related-party transactions, the approval of which is the competence of the General Meeting.

The shares of a shareholder in a situation of conflict of interest as mentioned in the paragraph above shall be deducted from the share capital when calculating the vote majority necessary in each case.

Shareholders with attendance rights due to holding at least 50 shares or having grouped with others with whom they jointly hold at least 50 shares as per the terms of article 16 above may cast their vote on the proposals concerning the items on the Agenda of any General Meeting by:

a) hand-delivery or postal mail, delivering the attendance card and the duly signed vote to the Company (along with the voting form provided by the Company, as applicable) or another written means approved by the Board of Directors in a resolution adopted for such purpose through which the identity of the shareholder exercising their right to vote may be duly verified, or

b) electronic correspondence or communication with the Company, including the electronic signature or other form of identification of the shareholder, under the terms established by the Board of Directors in a resolution adopted for such purpose in order to equip such voting system with adequate guarantees of authenticity and identification of the voting shareholder.

In order to be valid, a vote cast by any of the aforementioned means must be received by the Company before midnight of the third day before the day established for the General Meeting in the first call. In the resolution calling for the General Meeting in question, the Board of Directors may reduce this advance notice required by publishing it in the same manner as the notice of a meeting.

Any shareholders casting their vote remotely under the terms indicated in this article will be considered present for the purposes of the constitution of the General Meeting in question. As a result, any proxy made prior to such vote being casted will be understood as revoked and those conferred thereafter will be deemed invalid.

TECNICAS REUNIDAS

All votes cast remotely as mentioned in this article will be voided if the casting shareholder attends the meeting physically or electronically.

The Board of Directors may further develop the above provisions by establishing the instructions, rules, means and procedures for casting votes and granting representation powers by remote means of communication, in accordance with the state of the art and any rules that may be passed for such purpose as well as the provisions of these Bylaws.

All implementing rules adopted by the Board of Directors under the provisions established herein will be published on the Company website. Likewise, in order to avoid possible duplication, the Board of Directors may take all necessary measures to ensure that whomever casts a vote remotely or delegates representation powers is duly authorized to do so pursuant to the provisions of these Bylaws.

Without prejudice to the above provisions, the Company may authorize real-time electronic General Meetings and attendance using any means which duly guarantees the person's identity, as well as electronic voting during the General Meeting providing that such is possible given the current state of technology and such is approved by the Board of Directors. In such case, the notice of meeting shall detail the deadlines, forms and means for exercising shareholder rights as stipulated by the Board of Directors to enable the General Meeting to be conducted in an adequate manner.

The General Meeting of Shareholders Procedural Rules may assign the Board of Directors the power to regulate any procedural aspects necessary in accordance with the law, the Bylaws and the General Meeting of Shareholders Procedural Rules.

Article 17 BIS. GENERAL MEETINGS EXCLUSIVELY BY ELECTRONIC MEANS.

A General Meeting may be called to be held exclusively by electronic means and, therefore, without the physical attendance of the shareholders, their representatives and, where appropriate, the members of the Board of Directors when thus allowed by applicable regulations.

A General Meeting held exclusively electronically shall comply with all legal and statutory regulations and shall be conducted as per the General Meeting of Shareholders Procedural Rules. In any case, such a meeting shall be subject to duly guaranteeing the identity and legitimacy of the shareholders and their representatives and ensuring that all attendees may effectively participate in the meeting using the remote means of communication allowed by the notice of the meeting both in order to exercise the corresponding rights to speak, information, proposal and voting in real time as well as to hear all other attendees speak using the means indicated considering the state of technology and the Company's circumstances, all pursuant to applicable regulations.

Article 18.- AGENDA.

The Agenda for a General Meeting must be prepared by the Board of Directors. Any matter not included on the Agenda may not be discussed at the General Meeting except in the situations expressly provided for by Law. However, the Board of Directors or any person or people appointed to prepare the Agenda must include any matter legally proposed by shareholders representing at least three percent (3%) of the share capital. Any matter directly related to the items on the Agenda will be subject to voting.

The Board of Directors shall perform its duties with unity of purpose and independently of the Company Management, treating all shareholders equally and guided by the Company's interests which shall be understood as sustainably achieving the highest economic value for the Company.

The Board of Directors shall be formed by two different types of members: executive and external, and within the latter, proprietary and independent, pursuant to applicable laws and the rules of good governance in effect at any given time.
