The Appointments and Remunerations Commission has internally developed a matrix of Board responsibilities, in coordination with Técnicas Reunidas' Board Selection and Diversity Policy, and in accordance with best practices in good governance, with the aim of having a common, shared model that also incorporates market trends.

This matrix makes it possible to evaluate next steps, be able to decide upon possible positions on the Board, lead any possible search for directors, as well as decide which competencies are necessary in the Company's governance bodies. In this regard, the Commission approved the competence matrix at its meeting on 16 December 2024, submitting this agreement to the Board of Directors for final approval.

Furthermore, the Commission has analyzed the composition and needs of the Board of Directors in accordance with the results of the evaluation of the Board for the year 2023 and on the occasion of the appointment and re-election of several of its members, concluding that the structure is adequate for the correct development of its functions.

In view of the recent entry into force of Law 2/2024, of August 1, on equal representation and balanced presence of women and men (the "**Parity Law**"), the Appointments and Remuneration Commission has been working on updating the Board Selection and Diversity Policy to adapt it to new legal requirements and best corporate governance practices.

In this regard, at the Ordinary General Meeting of 26 June 2024, Ms. Petra Mateos-Aparicio Morales, External Independent Director and member of the Audit and Control Commission, and Ms. Inés Andrade Moreno, External Independent Director and member of the Appointments and Remuneration Commission, were re-elected, following a report from the Commission, and Ms. Belén Villalonga Morenés was appointed as Independent External Director, also following a report from the Commission, thus increasing the number of women who are part of the Board of Directors of Técnicas Reunidas, thus achieving the objective of 40% of the less represented sex on the Board and therefore complying with the provisions of Directive 2022/2381¹ and the Parity Law.

Likewise, the Commission has verified the categories of the directors on the occasion of the proposals for appointment and re-election of directors that were submitted for consideration by the Ordinary General Meeting and, additionally, at the meeting held in January 2025, in which, after verifying the circumstances and the year of initial appointment of each of the directors, the Commission concluded that the categories of directors remain unchanged, all being independent except for Mr. José Manuel Lladó (category of Proprietary Director) and Mr. Juan Lladó (category of Executive Director).

b) Regarding the selection of directors and senior management:

At its meeting on 16 May 2024, the Commission approved the proposals for the appointment of Ms Belén Villalonga Morenés and Mr Luis Enrique Téllez Kuenzler, both Independent Directors, as well as the proposals for the re-election of the Independent Directors Ms Petra Mateos-Aparicio Morales, Ms Inés Andrade Moreno and Mr Ignacio Sánchez-Asiain Sanz. Likewise, The Board of Directors was informed favorably of the proposals for re-election of Mr. Juan Lladó Arburúa, with the category of Executive Director, and Mr. José Manuel Lladó Arburúa, with the category of Proprietary Director.

c) Regarding the positions of the Board and the composition of the Commission:

At its meeting on 18 September, 2024 the Commission reported favorably on the proposal for the appointment of the Vice Chair of the Management and Risk Commission for submission to and approval by the Board.

d) Regarding the remuneration of directors and senior management:

The members of the Commission have reviewed, like the rest of the Directors, the Annual Report on Directors' Remuneration for the year 2023 and, following the explanation by

¹Directive (EU) 2022/2381 of the European Parliament and of the Council of 23 November 2022 on better gender balance among directors of listed companies and related measures.

the Chairman of the Commission on how said report was prepared, the Commission decided to approve it unanimously.

On the other hand, the Commission studied the remuneration of members of the Company's Senior Management with the General Management of Human Resources and General Services giving several presentations at various meetings on matters such as: (i) information on salary reviews and compliance with the 2024 goals; and (ii) the 2023-2026 remuneration plans.

In particular, the possibility of reassessing the performance objectives of Senior Management in order to set the variable remuneration for the coming years was presented, as well as the review of the share plan, and the fixed and variable remuneration of the CEO was analyzed and reviewed, submitting a proposal in this regard for approval by the Board of Directors.

The Appointments and Remuneration Commission also reviewed the terms of the Directors' Remuneration Policy, which does not require any changes as it will remain in force until 31 December 2025.

At its last meeting of the fiscal year, the Commission reviewed and unanimously approved the meeting calendar and work plan which include the main activities for 2025.

Lastly, it stated that during fiscal year 2024 there were no deviations from the procedures adopted by the Company and that the Board of Directors was not informed

6. EVALUATION

As mentioned above, the evaluation of the Board of Directors and its Commissions corresponding to fiscal year 2023 was conducted in fiscal year 2024 with assistance from the external advisor KPMG. It was confirmed that the consultant is not the same one that advises the Company on the appointments of directors and senior management or compensation systems with their independence verified by the Appointments and Remuneration Commission.

The areas under assessment were the following:

- The standard and efficiency of the functioning of the Board of Directors.
- The functioning and the composition of its Commissions.
- The diversity in the composition and competencies of the Board of Directors.
- The performance of the Chairman of the Board of Directors and the Secretary of the Board.
- The performance and contribution of each director, paying special attention to the heads of the various Board Commissions.

As regards the methodology used, the evaluation of the different Commissions was based on the report submitted by them to the Board of Directors, and for the evaluation of the Board of Directors, on the report submitted by the Appointments and Remunerations Commission. Moreover, as part of the process, KPMG held various interviews with all the members of the Board and its Secretary.

During the evaluation process, the following aspects, among others, were very positively reviewed: the high technical qualifications and professional experience of the members of the Board of Directors, the fluid and transparent communication between members of the Board, the work climate and collaboration observed among the directors, the trust observed in the management team and the immense appreciation for and trust in the executive secretary.

In particular, with regard to the Committee, the directors positively evaluated its performance during the year, considering it has adequately carried out its functions. As concerns the actions for improvement included in the Action Plan, the main

recommendation from the directors referred to continuing to improve planning of meetings and of the matters to be handled throughout the year.

As a result of the Board's evaluation, an Action Plan was established with suggestions for improvement, including actions in the areas of meeting organization and procedures (i.e. holding a monographic Board Meeting on strategy each year, maintaining greater contact with members of Senior Management and carrying out periodic and formal monitoring of the main operational risks), composition of the Board (moving forward in this regard in the renewal and improvement of competences and diversity), and training of directors. In mid-2024, the Commission reviewed the Action Plan and recalled the goals included in it.

Also, at the meeting of the Commission in November, KPMG was present, at the invitation of the Chairman of the Commission, and presented the proposal for the evaluation of the Board for the year 2024.

7. CONCLUSIONS

Based on all matters set forth in this Report, the Company's Appointments and Remunerations Commission has evaluated its composition and operation during fiscal year 2024 positively, considering that:

- The composition of the Commission has been adjusted to the provisions of the Spanish Corporate Enterprises Act, its internal rules, Recommendations from the GGC and Technical Guideline 1/2019, with members having the necessary and appropriate knowledge and experience to properly perform their duties, with the majority of its members being independent directors.
- The Commission has met more frequently than the frequency established in Article 14 of the Board Regulations, Article 4 of the Appointments and Remunerations Commission Regulations and Technical Guideline 1/2019, and whenever has been necessary in light of the issues to be discussed therein, sufficiently in advance of the meetings of the Board of Directors.
- All the meetings of the Commission have been attended by all its members.
- The Commission members always had the necessary information with regard to the items on the agenda subject of analysis and discussion available to them prior to the meetings so they could exercise their duties properly in an informed manner. Likewise, when necessary, the Commission has been advised by external experts following verification in all cases by the Commission that there were no conflicts of interest that may compromise their independence of judgement.
- Finally, the Commission has deliberated on and passed resolutions on the matters within its competence after discussions in which there has been a constructive dialogue and critical attitude, favoring the diversity of opinions, as provided for in Technical Guideline 1/2019.

In accordance with the foregoing, it can be concluded that the Appointments and Remunerations Commission has complied with the requirements set forth in the Law and its internal rules regarding composition, frequency of meetings, attendance and informed participation of its members, and its activity during the 2024 fiscal year has been very positively evaluated.

This Annual Report on the operation of the Appointments and Remuneration Commission for the year 2024 was approved by the Appointments and Remuneration Commission on February 20, 2025, and was submitted to the Board of Directors of the Company for approval at its meeting held on February 27, 2025.
